

New Building Safety

12 February 1988

MEMORANDUM FOR: Chief, Safety Division, OMS

FROM:

Chief, New Building Project Office, OL

SUBJECT: Parking Spaces, North and South Loading Docks

In response to your memo dated 20 January 1988, the contractor (Centex), through the GSA project manager, has been instructed to comply with your request to delete the parking spaces in the North and South Loading Dock areas. The spaces will be redesignated as fire lanes per your request.

Subject: GS-11B-19066, Headquarters Expansion Project; Delete
Designated Parking Spaces at North and South Loading
Docks; C.E. #495.

Gentlemen:

Reference is made to contract drawing 2-C3-5, showing six (6) spaces at the north dock and seven (7) spaces at the south dock along "L" line. You are to delete the painted parking spaces and redesignate the total space at each dock as a "fire lane" for the local fire department, as indicated on the north and south dock sketches.

If this change causes an increase or decrease in contract cost, you are to submit your proposal to this office in the usual manner, in response to C.E. #495.

Sincerely,

Arthur J. Carlucci
Project Manager
Headquarters Expansion Project
